June 5, 2020

Dear Worshipful Master, Wardens and Brethren

This letter is to clarify the term of **SOCIAL DISTANCING**. In my previous Edict # 6. in order that we can maintain social distancing you are allowed to open lodge on the Entered Apprentice degree and do your business which requires a hand vote. This will include paying your bills, approving matching funds any normal business which requires a hand vote.

You are not allowed to vote on anything which requires the ballot box, because social distancing cannot be maintained. You cannot turn in proficiency lectures, do any degree work, no degree practice, no schools or anything which would require you to be less than six feet from another person.

Thank you for continuing to follow the state and local guidelines.

Fraternally,

A handwritten signature in cursive script that reads "Bobby J. Peters".

Bobby J Peters,  
Grand Master
